

## **BIOGRAPHY – Tina Larson, President and COO, Recursion**

Tina Marriott Larson is President & COO of Recursion. Recursion is a publicly traded, clinical-stage biotechnology company decoding biology by integrating technological innovations across biology, chemistry, automation, data science, and engineering, with the goal of radically improving the lives of patients and industrializing drug discovery. She was previously Senior Vice President of Technical Operations at Achaogen, a publicly traded biopharmaceutical company that discovered, developed and commercialized treatments for infectious disease. Prior to Achaogen, she was Global Head of Technical Development Business Operations at Roche where she split her time between California and Switzerland. Ms. Larson spent a total of 20 years at Genentech/Roche in technical operations roles that included Automation Engineer, Associate Director Manufacturing Sciences, Director Process Development Engineering and Senior Director Technical Development Operations & Engineering. She has deep technical expertise in scale-up of biopharmaceutical production as well as varied experience managing technical and operational organizations.

Ms. Larson was recognized by the Healthcare Business Women's Association as a Rising Star in 2012, was recognized by Utah Business magazine as CXO of the Year in 2020, and was a 2019 Women Tech Council Awards winner. She has served on the advisory board of Colorado State University's College of Engineering since 2015 and was recognized in 2019 as a CSU Distinguished Alumni. Ms. Larson received a B.S. in Chemical Engineering from Colorado State University.
